This show does have a live rabbit production.

Fire Safety

We stress only 3 facts in this safety message: don't play with fire, if you smell smoke, get down and

crawl out, and if clothing is on fire, stop, drop, cover your face, and roll. We review other safety measures but focus on the 3. We actually demonstrate and practice the drills and have an oral test.

There is a safety message about fireworks, too. We need a band to

play a fun song that all the kids know. Since this is all about the birthday of America, let's celebrate it with a magical birthday cake!

Holiday Fun

Ho ho ho! It's almost Christmas so let's have some fun singing with the elves Jolly or Leon--or Mrs. Claus. Not everybody has been a really good kid, just like one of our puppets who's getting "Nuttin For Christmas." We magically produce a snowman here in Texas. The older kids or teachers get to perform in the hand bell band. Christmas is not Christmas without a little story to be told or without the popular song, Rudolph the Rednose Reindeer.

You Are Special/You Can Do It!

The puppet, Ticklish Ruben, loves to be silly! A little bit of magic can give us a big smile, not a frown. Our puppets sing songs about how special each one of us is and help build self-esteem. The story of "I am Special" is told.

Venture Out

This fun program has tons of bugs (marionette and hand puppets-caterpillars, ladybug, spider, bumblebee, bullfrog, and butterflies) and lots of fun music and magic tricks, too. We learn about metamorphosis and how plants grow.
